: Mahatma Gandhi Memorial of North Texas (MGMNT) organized the 70th India's Republic Day Celebrations in Dallas (Irving) at Mahatma Gandhi Memorial Plaza, the Largest Gandhi Memorial in the USA. More than 150 jubilant crowd gathered to celebrate the event.

Mr. Rao Kalvala, Secretary, MGMNT welcomed the gathering, introduced MGMNT Board and expressed his joy over public enthusiasm.

Dr. Prasad Thotakura, Chairman, MGMNT after hoisting the Indian National flag stated "After getting independence from the Great Britain, under the leadership of father of the constitution Dr. B.R. Ambedkar, many leaders like Pundit Jawaharlal Nehru, Dr. Babu Rajendra Prasad, Sardar Vallabhbhai Patel, Moulana Abdul kalam Azad, Shyam Prasad Mukherjee etc., who worked very hard for about 3 years to bring out the best constitution for the nation. They didn't see the constitution just as a mere piece of document or a basic law for the new country. But, as a scripture for the social transformation. The essence of the constitution is to bring out the social equality among all citizens irrespective of the religion they believe-in, the region they come from and the community they belong to. The Indian constitution has been amended 103 times thus far being the last amendment as recent as on January 12th to create 10% reservation in educational and employment institutions for people from the economically weaker sections. Since 1950's, as a Nation we have achieved a lot but much remains to be done. As Indian Americans, our responsibility is double now. We all need to strive for the betterment of both countries where we come from and where we live in. "

Mr. B.N.Rao, MGMNT Co-Chair, conveyed his Republic Day greetings to the community and remembered the sacrifices of Mahatma Gandhi who got independence to India with only peace methods.

The Chief Guest at the event Mrs. Oscar Ward, Deputy Mayor Pro Tem, City of Irving, welcomed Indian American community on this special occasion and appreciated their efforts in building better communities with their education, intellect and knowledge.
